PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No. 28 of 1911-12.

Appellant.	*Vs.*	*Respondent.*
Venkatakrishnaiya, Kayamguttadar of Hommadevanahalli, Bangalore Taluk.		Mahboob Unissa Begum by her Agent, Mr. M. Hassan Ali.

Subject.

Appeal against the order of the Deputy Commissioner, Bangalore District, declining to render the appellant assistance in the matter of collecting rent from the respondent, the holder of certain lands in the said village.

Facts of the case.

The appellant Venkatakrishnaiya is the Kayamguttadar and also the Shanbhog of Hommadevanahalli, a kayamgutta village in the Bangalore Taluk. The respondent, who is the daughter of the late Mr. Sayyed Nasiruddin, is the occupant of certain lands in the village, which she contends she is entitled to hold under a permanent fixed rent in accordance with the terms on which the land was originally granted by the Kayamguttadar to the person from whom her father had purchased it in 1889.

On the application of the Kayamguttadar, survey and settlement was introduced into the village in 1897 and during the announcement of the rates in 1899, the rent payable on account of the lands held by the respondent was raised from Rs. 42-4-0 (or Rs. 43-9-0 including cess) to Rs. 208 (or Rs. 227 including cess) which represents the full assessment on the lands. The respondent was not given any notice of the introduction of the survey and settlement, the notice having been served on her mother, who is stated to have no interest in the land. In 1900 and 1901 the respondent submitted petitions contending that the rent payable by her was not liable to enhancement as she held the lands on a fixed rent; that the matter was not properly considered during the settlement operations, in which she was unrepresented and that Survey No. 73 which was in her holding had been assigned as a free grazing land for the village and that assessment had been wrongly imposed on Survey No. 61 which was an unculturable waste.

The Kayamguttadar also applied for assistance under Section 97 of the Land Revenue Code for the recovery of the arrears of rent due from him. After protracted correspondence, the Deputy Commissioner in 1903 decided that the Kayamguttadar was entitled to the assistance sought for. Thereupon the respondent appealed to Government, and the case was remanded to the Survey and Settlement Commissioner for enquiry into the truth of her allegations and whether she was entitled to the benefit of Section 50 of the Mysore Land Revenue Code and that pending decision of these questions, the application for assistance should be refused.

The Survey and Settlement Commissioner reported that there was no satisfactory evidence that the land was held at a fixed rent as a mere statement in a sale deed to which the Kayamguttadar was not a party could not create any such right; that the dispute was one which fell under Section 222 (c) of the Land Revenue Code and that the respondent should therefore be referred to a Civil Court to establish her right and that till then she is bound to pay the kandayam fixed at the survey and settlement or as may be agreed upon between herself and the Kayamguttadar.

Land Revenue, dated 10th January 1913.

With regard to the contention that Survey No. 61 was wrongly assessed, the Survey and Settlement Commissioner reported that it had been properly assessed and that if she were prepared to pay full assessment on Survey No. 73 its assignment as gomal may be cancelled. Government accepted the views of the Survey and Settlement Commissioner and directed in August 1907 that the respondent should establish her right to hold the lands on a permanent rental in a Civil Court, that the assignment of Survey No. 73 would be cancelled and that the same would be confirmed to her if she agrees to pay the assessment that may be fixed thereon.

An application for review of this order presented by Mr. Hassan Ali as Agent of the respondent was rejected in June 1908.

On 20th August 1907, the Kayamguttadar applied to the Deputy Commissioner for assistance being given to him for the recovery of rent of Rs. 1,459-14-0 alleged to be due to him from the respondent and he was directed to apply to the Amildar. He accordingly applied to the Amildar for assistance on 11th October 1907, and while the matter was under correspondence between the Taluk and Sub-Divisional Officer, Mr. Hassan Ali sent to the Amildar a copy of his petition to Government, dated 14th September 1908, praying that pending the disposal of his memorial orders directing the recovery of rent from him by means of coercive processes should not be issued. The Amildar submitted the records for the orders of the Sub-Divisional Officer, Bangalore Sub-Division, who was of opinion that owing to the complicated nature of the dispute, the assistance sought for by the appellant under Sections 97 and 98 should be refused and referred the matter to the orders of the Deputy Commissioner. That officer agreeing with the Sub-Divisional Officer declined to render assistance to the appellant on 4th January 1909. Against this order the appellant appealed to the Revenue Commissioner on 11th February 1909. It was withdrawn from the file of the Revenue Commissioner under Section 210 A of the Land Revenue Code and came on for final hearing on 21st November 1912, when the appellant's and respondent's Advocates, Messrs. B. Subbanna and B. Ramanna, respectively, were present and heard.

Decision.

The respondent instituted a suit in the Civil Courts for a declaration that the rent payable by her for the land in the Kayamgutta village was not liable to enhancement as she held the land on a fixed permanent rent. Both Advocates state that the Civil suit has been decided against her. The contention of the respondent cannot therefore be upheld. The Kayamguttadar is entitled to receive assistance for the recovery of rent due to him under Sections 97 and 98. The order passed by the Deputy Commissioner on 16th June 1903 to take steps under Sections 97 and 98 of the Land Revenue Code to recover the rent due to the appellant by the respondent will be carried out.

No. R. 3562-70—L. R. 321-12-2, DATED BANGALORE, 10TH JANUARY 1913.

Copy of the above is forwarded to the Revenue Commissioner in Mysore together with the entire records connected with this case and (2) to the Deputy Commissioners of Districts.

The Report on the work of the Agricultural Department in Mysore for 1911-12, submitted by the Officer in charge of the Department with his letter No. 579, dated the 11th September 1912.

No. R. 3549-60—AGRI. 40-12-7, DATED BANGALORE, 10TH JANUARY 1913.

ORDER THEREON.—The Department continued to be in the charge of Dr. Coleman till the 28th May 1912, when he proceeded on privilege leave combined with deputation to Europe and America to observe recent advances in agriculture and agricultural instruction. For the remaining part of the year, Mr. Krishnayya, the Senior Assistant Chemist, was in charge. Owing to the great importance of the work now being done in the Department and to the need for its expansion and thorough organization, Government have created the post of Director of Agriculture which will be held by Dr Coleman after his return from deputation.

2. As much difficulty was experienced in providing suitable instruction in agriculture to sons of raiyats and others desirous of being trained in it, Government have decided to open an Agricultural School with a two years' course for the present in connection with the Experimental Farm at Hebbal.

3. The area of the Hebbal Experimental Farm was increased during the year by the addition of ten acres of wet and ten acres of dry land, with a view to extend the scope of the experiments carried on there with the various kinds of crops. The experiments conducted on the Farm during the year consisted chiefly of green manuring of ragi and paddy, seasonal experiments as regards ploughing and sowing thereof, rotation of crops and selection of seeds by the salt water method. The results though by no means conclusive mark further progress in the investigations made on the Farm. The effects of green manuring have been proved to be cumulative and not to be exhausted in one year. Lands treated with green manure yielded an increase of 26 per cent of kar ragi and 41 per cent of ordinary ragi. Ploughing soon after a harvest with a disc harrow has been found to be of great use, as it is stated to have a tendency to preserve the moisture and fertilizers in the soil till the next sowing of seed. It is satisfactory to note that the raiyats in the neighbourhood of the Farm are copying the methods of the Farm and have adopted a home made rake with iron teeth for the purpose of keeping the soil loose. As sugarcane grown continuously on the same soil leads to its exhaustion, it is proposed to rotate it with potatoes on the Farm.

4. The Seed Depôt was unable to cope with the demand for seed as the quantity that could be grown on the Farm was limited. 6,958 lbs. of good cotton seed was obtained from outside and distributed to local raiyats for cost price. Two hundred lots of seed consisting of maize, chillies and groundnuts were sold during the year under report.

5. The demand for improved implement was steadily on the increase, the realizations from their sales at the depôt amounting to Rs. 5,171 as against Rs. 4,863 in the previous year.

6. Demonstrations of improved implements and methods of cultivation were vigorously carried on during the year and the interest of the raiyats was enlisted by conducting these demonstrations as far as possible on lands belonging to them. The districts of Shimoga and Chitaldrug were particularly taken up during the year for the purpose of the demonstrations which were carried out under the direction of Mr. A. K. Yegnanarayana Iyer with the assistance of two Agricultural Inspectors and in both the districts a vigorous campaign was organized for bringing into general cultivation Cambodia and Broach cotton which were better yielders than the local varieties.

7. In the case of Koleroga, spraying has now been demonstrated beyond doubt as the most effective remedy and the raiyats are reported to have come readily forward to adopt it. Thirty-three garden owners have themselves purchased sprayers and treated about 100 acres, while the area treated by the Department was 21 acres. The investigation of the Anaberoga of supari and the spike disease of sandal had to be suspended as the staff was otherwise engaged. The ring disease of potatoes has been further studied.

Revenue (Agriculture), dated 10th January 1913.

8. Remedial operations against the rice and jola grass-hoppers and further investigations of the Kamblihula pest were continued. The season was stated not to have been favourable to the jola grass-hopper pest and so the raiyats did not take much interest in the bagging operations and thus a good opportunity for eradicating it could not be taken full advantage of. A bulletin recommending the hand-picking of moths of the Kamblihula and deep ploughing as a means of controlling the pest was published and distributed in the affected places.

9. The Department also published during the year two other bulletins in English and Kannada (Green manuring in Mysore and Experiments on Paddy cultivation) and two leaflets in Kannada.

10. Government have noted with regret, the premature demise of Mr. B. Venkata Rao, Assistant Chemist, who met with his death in Bombay, soon after his landing there, after a successful course of European training in Chemistry.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

(1) Subject No. 129 of the Proceedings of the Representative Assembly of 1911 on the question of supplying breeding bulls to Veterinary Hospitals, and the reply of Government thereto.

SUBJECT No. 129.
Supply of breeding bulls to Veterinary Hospitals.
Mr. C. Vasudeva Rao, Chikmagalur Taluk.

Summary of discussion.—The representation made during the last session of the Assembly for attaching a breeding bull and a stallion to each Veterinary Dispensary, seems to have produced no effect as yet. The orders of Government may be communicated early.

Mr. C. Srinivasa Rao.—Two different kinds of bulls are necessary, one for improving the milking stock and the other for improving the breed of draught bullocks. Amrut Mahal and Hallikar bulls will produce good draught oxen, but the cows do not yield much milk nor are the heifers suitable for ploughing purposes. The cost of maintenance may be recouped by levying a small fee for serving.

Reply of Government.—Will be considered. Under Standing Orders, five Amrut Mahal bulls are supplied to each district for sale to private individuals at half price for breeding purposes and applications may be made accordingly.

(2) Letter No. 52, dated the 3rd July 1912, from the Revenue Commissioner in Mysore, furnishing his opinion in the matter.

With reference to your letter No. R. 7078—Agri. 143-11-1, dated the 21st May 1912, on Dasara Representative Assembly Subject No. 129 of 1911, regarding the supply of breeding bulls to Veterinary Hospitals, I have the honor to state that the improvement of the local breeds of cattle is a matter of vital importance to the welfare of the raiyats. By far the most important part of the raiyat's capital is his cattle, and it is necessary that they should be the best possible. Without good cattle, improvement in agricultural practice is hardly possible. Cattle breeding is not at present conducted on any well defined lines. In some villages breeding bulls are kept by private owners for their use, and they are also hired out to others for a small payment. These bulls are not always chosen with sufficient care, and their use is often continued long after they have ceased to be serviceable. Even this is comparatively rare, and in the majority of villages there are only Basavas, whose indiscriminate covering of the village cows invariably deteriorates the stock.

2. It is very necessary that, for some time more, cattle breeding should be conducted under the supervision of the Veterinary Department. At present, some Amrut Mahal bulls are supplied to District Boards for sale to raiyats at half price. This has no doubt done considerable good but not certainly to such an extent as is necessary. Four bulls of each of the local breeds (*viz.*, the Hallikar, the Amrut Mahal, and the Belladadana) and of the foreign breeds like the Delhi, the Guzerat, and the Nellore may be purchased by Government and attached to the Veterinary Hospitals. To begin with, these bulls may be utilized in the Districts of Bangalore, Mysore and Shimoga, and, after three years, they may be transferred to the other districts. Thus, in the course of about six years, we shall have gone over the whole State. The price of a good Hallikar bull will be about Rs. 250, of an Amrut Mahal bull Rs. 175-200, and of a bull of one of the foreign breeds Rs. 200-250. The maintenance charges of an animal, inclusive of the pay of a care-taker, will amount to Rs. 175-200 annually. A sum of Rs. 5,000 may be provided for the purchase of bulls.

No. R. 3852-69—AGRI. 143-11-3, DATED BANGALORE, THE 28TH JANUARY 1913.

ORDER THEREON.—Government agree with the Revenue Commissioner that while the improvement of the local breed of cattle is of vital importance to the raiyats, it is very desirable that the breeding operations should be conducted under the supervision of the Veterinary Department. They are, accordingly, pleased to direct that a breeding bull may be kept in each of the Veterinary Hospitals and Dispensaries in the State, provided that the District Boards concerned are prepared to bear half the cost of purchasing the bulls and of their maintenance, the other half of the charge being borne by the Government. A small fee, which may be fixed by the Revenue Commissioner in consultation with the District Boards, may

Revenue (Agriculture), dated 28th January 1913.

be levied for service by such bulls and the receipts credited to the Provincial and District Funds in equal proportions. The Revenue Commissioner is accordingly requested to take needful steps in the matter and report the result to Government with information as to what provision should be made in the budget for the purpose, and how the cost during the current year will be met.

The following papers relating to the Settlement of the Balehalli Forest Block in the Tirthahalli Taluk:—

(1) Letter No. 10774, dated the 21st March 1912, from the Revenue Commissioner in Mysore.

Letter No. 10774, dated Bangalore, 21st March 1912, from the Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

I have the honor to forward herewith for the orders of Government letter No. 40, dated 21st July 1911, together with the enclosures (in original) from the Forest Settlement Officer in Mysore, received through the Deputy Commissioner, Shimoga District, with his letter No. 262, dated 25th October 1911, reporting on the conclusion of the settlement of the Balehalli Forest Block in the Tirthahalli Taluk, and to state as follows.

2. The Block in question comprises an area of 4,646 acres, 30 guntas or 7·25 square miles and affects the two villages of Tallur and Balehalli in the Tirthahalli Taluk. It lies to the south of the Tarikere-Mangalore road and as the Conservator describes, it is mountainous and forms the catchment area of the rivers Tunga, Malati and other minor streams.

3. The villagers have been allowed the right to graze cattle in the Reserved Forest on payment of lump sum grazing fees of Rs. 5 and Rs. 4, respectively, to which the raiyats are agreeable.

4. In the matter of fuel and leaves, the Deputy Commissioner recommends more liberal grants on the ground that the quantities allowed by the Forest Settlement Officer are inadequate for the domestic and agricultural needs of a malnad raiyat.

5. Altogether ten claims were preferred before the Forest Settlement Officer and all have been admitted by him. No appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

6. There is no objection to the issue of the final notification as the Deputy Commissioner is agreeable to constitute the block into a State Forest and the raiyats themselves have no objection.

ENCLOSURE 1.

Letter No. 262, dated 25th October 1911, from the Deputy Commissioner of the Shimoga District, to the Revenue Commissioner in Mysore.

With reference to your docket No. 2564, dated 2nd September 1911, calling for an expression of my opinion on the settlement of the proposed Balehalli State Forest, I have the honor to state that from the records of enquiry it is seen that all the claims preferred by the villagers of Tallur and Balehalli have been granted at the time of the settlement and that as no appeals have been preferred against the Settlement Officer's decision, the villagers appear to have been satisfied with the concessions allowed to them within the proposed State Forest.

2. The quantities of fuel and "Soppu" specified in the statement appended to the Settlement Officer's letter appear to be inadequate for the domestic and agricultural needs of malnad raiyat.

3. Another point for consideration is the inclusion of a large number of cultivated lands of Balehalli village as enclosures within the State Forest area. As a good approach to these lands has, however, been allowed, no inconvenience is likely to occur to the raiyats thereby.

4. On the whole I am of opinion, that the proposed area may be converted into a State Forest, after adequate provision has been made to meet the requirements of the villagers, referred to in para 2 *supra*.

5. The enclosures to the docket under reply are herewith returned.

ENCLOSURE 2.

Letter No. 40, dated Bangalore, 15th—21st July 1911, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the proposed Balehalli Block in the Tirthahalli Taluk of the Shimoga District.

Proceedings of the Government of His Highness the Maharaja of Mysore,

2 The initial notification under Section 4 of the Mysore Forest Regulation was issued by Government in their No R 5369—Ft 132-07-3, dated the 22nd February 1908, and the same appeared on pages 179 and 180 of the *Mysore Gazette*, Part I, dated the 27th February 1908 The proclamation under Section 5 of the said Regulation was issued by my predecessor Mr M Shama Rao, M A, which appeared on pages 187 and 188 of Part II of the *Mysore Gazette* (Kannada), dated 9th April 1908

The proclamatory notices were served on the affected villagers through the Amildar of the Tirthahalli Taluk, and returned to this office with the Amildar's yadi No 4, dated 2nd July 1908

3 The Block was inspected, perambulated and enquired into, by me from the 20th December 1910 to 22nd December 1910, and my decision was announced to the parties concerned on 22nd December 1910, at the Agumbi Camp

4 During my enquiry ten claims were preferred to me for the following rights —

(*a*) Right of grazing	1
(*b*) Right to water	1
(*c*) Right of way	4
(*d*) Rights not falling under any of the above . .	4
Total ...	10

All the claims mentioned above were admitted As the raiyats of Tallur and Balehalli pray that they may be allowed to exercise in the proposed forest all the rights and privileges conferred on the malnad raiyats, I decided that they be entitled to the exercise, in the reserve in question, of all the rights and privileges conferred on malnad raiyats under Government Notification No 7375—Ft 164-04-9, dated the 17th March 1909 But as under clause *C*, of Section 12 of the Forest Regulation, it is incumbent on me to specify the extent of the concession granted by me, I beg to recommend that the raiyats of the said villages may be permitted to remove soppu, etc, to the extent shown in the accompanying statement, as I am satisfied after careful enquiry, the quantity therein mentioned is quite adequate for the purposes referred to

As the scattered houses forming the hamlet of Mallandur, which adjoins the fields bearing Survey Nos 73 and 146, ordered to be treated as enclosures, lie within the forest, the hamlet of Mallandur will have to be treated as an enclosure within the block

5 The Deputy Commissioner of the Shimoga District has intimated to me in his No 4997, dated the 13th—17th April 1911, that no appeals have been preferred to him against my decision

6 The following records are herewith submitted —

1 'B' Register of claims
2 'C' Register of the area taken up for the Block.
3 Boundary Notification.
4 Sketch Map and
5 Topo-tracing

7 The date from which the reservation is to take effect has to be kindly inserted in the draft boundary notification.

ENCLOSURE 3.

(The statement referred to in para 4 of Forest Settlement Officer's letter not printed. It is the same as is appended to the notification—para 4 of remarks B.)

That their cattle should be allowed to graze in the forest on payment of nominal hulbanni as hitherto and not according to the prescribed rate of the Forest Department.	.....	Nil	In spite of the vast area available for the use of the raiyats, it is ascertained that serious difficulty is experienced by them in finding pasture for their cattle as hardly any grass grows under the thick shade of the trees in the jungle. They pay a nominal hulbanni to Government. I would fix a lump sum fee of Rs. 5 in the case of Tallur (984 cattle) and Rs. 4 in the case of Balehalli (689 cattle) to be levied from the raiyats concerned for grazing their cattle in the reserve after it is declared as a State Forest. (2) Correspondence ending with letter No. 3173, dated 22nd October 1912, from the Conservator of Forests in Mysore.

No. R. 3501-5—Ft. 135-11-8, dated Bangalore, 8th January 1913.

Order thereon.—Government are pleased to approve of the settlement of the forest made by the Forest Settlement Officer. The several concessions in favour of the Tallur and Balehalli villages recommended by the Forest Settlement Officer appear to be quite adequate and they are approved.

2. The block will be declared a State Forest with effect from the 15th January 1913 and the notification under Section 17 of the Forest Regulation will be published in the *Mysore Gazette*.

3. The assessment of Rs. 19-12-0 on Survey No. 72 (assessed waste) of Balehalli, which has been included in the forest, will be written off the accounts.

4. As the southern and a portion of the western boundary of the forest lie along the frontier boundary between Mysore and Madras (South Canara), the identification and demarcation of which has been engaging the attention of both Governments, the Conservator of Forests is requested to hold in abevance the permanent demarcation of the boundary of the forest till the identification and demarcation of the frontier boundary is completed.

5. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the forest in the locality in which it is situated.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

The Report on the Forest Administration in Mysore for the year ending 30th June 1912, submitted by the Conservator of Forests in Mysore with his letter No. 3021, dated the 12th October 1912.

No. R. 3769-79—FT. 55-12-7, DATED BANGALORE, 23RD JANUARY 1913.

ORDER THEREON.—As a result of the measures adopted during the year for the extension of the Forests in the State, there was a net increase of 36¼ square miles in the area of State Forests. The total area of State Forests and Reserved Lands at the end of the year was 2,631·48 and 839·5 square miles, respectively.

Twenty new blocks were settled by the Forest Settlement Officer against 28 in the previous year. The Conservator is requested to state in future reports the area of the blocks settled. At the close of the year, it is reported that there were 84 blocks with an area of 780·7 square miles pending final notification, of which only 20 were with the Forest Settlement Officer. Government consider that the rate of progress in Forest Settlement work is still slow and that it is very essential that the work of Forest Settlement should be completed early, so that it may be possible to formulate a regular plan for the working of the forests in Mysore as a whole. The selection of areas for reservation is stated also to have been very much retarded, owing to the large number of proposals pending with the Deputy Commissioner of the Shimoga District. The Revenue Commissioner is requested to direct the Deputy Commissioner to expedite his opinion in all the cases, with a clear expression of his objections, if any, in each case separately, so that Government may deal with them and decide without further delay what further reservations are necessary in the Shimoga District.

2. One hundred and ten miles of boundary were newly cut and 2,327 miles of existing boundary were recleared and improved, at a total cost of Rs. 13,788. One hundred and two square miles of Forest were surveyed during the year, including an overlap of 10 square miles and the Provincial Forest map was also printed. The Conservator has not reported how much more work there is in connection with Forest Survey. He is requested to see that the work is fully completed by the time the deputation of the Special Engineer Officer, who has been lent for the purpose, expires in August 1913.

3. In the case of forests for which working plans exist, the Conservator reports that considerable deviations are necessary from the prescriptions contained therein and that he has endeavoured to adapt them to existing conditions. The working plan report of the Lakkavalli and Tyagadabogi State Forests prepared last year, is under consideration of Government. Government trust that, with the experience that has now been gained, it will be possible to prepare more accurate working plans for the remaining Forests than the ones in existence.

The Conservator's opinion that the present exploitable stock in all the Forests is much in excess of the present demand and there is no need for the Forests being overworked, is noted. It is also stated that the substitution of private agency in the operations now carried on by the Department in the case of extraction of timber from the Forests is very difficult, and that the bulk of the work has still to be done under the direction of the Department.

4. The development of communications within the Forests and the construction of buildings and the provision of wells received sufficient attention, the amounts spent for the purpose being respectively, Rs. 10,562, Rs. 27,021, (besides Rs. 38,500 on the Sandalkoti building at Shimoga) and Rs. 5,229. For various reasons, the traction-engine was not fully utilised. Government trust that with the increase in the number of drivers, it will be possible to make greater use of it during the current year in transporting timber from the Shimoga Forests, where, owing to the difficulty to secure carts, it is stated that much of the stock has not been removed.

5. Natural reproduction was greatly affected by the prolonged drought during the year. It is satisfactory to note that the systematic efforts that have been

Revenue (Forest), dated 23rd January 1913.

made towards artificial regeneration during the past years have been producing good results. Fire protection was attempted over an area of 1,518,649 acres at a cost of Rs. 26,756 and the percentage of success was 94·7. Government consider that the results should be capable of much improvement and the matter ought to engage the serious attention of the Conservator.

6. There was a slight increase in the number of forest offences taken up during the year, the increase mainly coming under "unauthorised fellings," the number of cases reported being 952 against 885 in the previous year. Sixty-seven cases were dealt with by the Magistrates, the rest being compoundable. There was a noticeable decrease in the number of cases of injury to sandal trees reported during the year, which was 98 against 177 in 1910-11. Government will be glad to know how far this is the effect of the concessions that have been given to holders of land containing sandal trees. The disposal of cases, however, showed no improvement. The number of cases disposed of was 121 which was much less than the number disposed of in the previous year. The Revenue Officers with whom cases are pending, should be directed to attend to their prompt disposal.

7. The revenue during the year amounted to Rs. 22,06,244, showing an increase of over Rs. 1,17,000 over that of the previous year and of nearly 4½ lakhs over that of the year 1909-10. The increase was most noticeable in the case of sandalwood. The quantity sold was 2,363 tons as against 2,468 tons in the previous year and the realisations therefrom, *viz.*, Rs. 12,60,300 showed an increase of more than a lakh. The quantity of timber extracted by departmental agency during the year was 4,49,813 cubic feet as against 3,89,292 in the previous year and the prices realised were Rs. 3,63,068 and Rs 3,07,469 in the two years, while that removed by purchasers realized a sum of Rs. 1,32,223 as against Rs. 1,14,806 in the previous year. The leases for the collection of tanning barks fetched high prices, there being an increase of Rs. 54,102 under this head over the figures of the previous year. The market for sandal is again very promising and the prices are showing a steady advance. Spike disease could not be checked, but it is reported that it is still confined to the localities in which it originally appeared. The results of the year are no doubt very encouraging and reflect great credit on the working of the Department. Government are confident that, as the market has again become brisk for all kinds of forest produce, the Conservator will take special care to regulate the output and conserve future supplies.

8. The expenditure (excluding the charges on Game Preserves Establishment and the settlement of Mahratta Kunbi families in the Kumri tracts, amounting to Rs. 10,745) was Rs. 6,94,799 against Rs. 6,82,407 in the previous year. Rs. 3,98,206 was spent on conservancy and works and Rs. 2,96,593 on establishments. The excess of revenue over expenditure on forest proper was Rs. 15,11,590.

9. A scheme for the re-organization of the Department, involving an average increase in expenditure of about Rs. 65,000 per annum, has since been sanctioned. Government trust that the improvements in prospects and increase in the staff now sanctioned will conduce to the maintenance of the efficiency of the Department at a high standard.

10. Government are pleased to record their high appreciation of the successful work of Mr. Muttanna and the other officers of the Department during the past year.

The following papers relating to the Settlement of the Shirur Forest Block in the Tirthahalli Taluk:—

(I) Letter No. 11160, dated the 2nd April 1912, from the Revenue Commissioner in Mysore, forwarding letter No. 71, dated 28th August 1911, from the Forest Settlement Officer in Mysore, reporting on the conclusion of the settlement of the block.

"I have the honor to forward herewith for the Orders of Government letter No. 71, dated 26—28th August 1911, together with the enclosures (in original), from the Forest Settlement Officer in Mysore, received through the Deputy Commissioner, Shimoga District, with his letter No. 261, dated 24th October 1911 (copy enclosed for reference), reporting on the conclusion of the Settlement of the Shirur Forest Block in the Tirthahalli Taluk and to state as follows:—

2. The area of the block as settled by the Forest Settlement Officer is 1,635 acres, 18 guntas or 2·55 square miles in extent and includes assessed lands, both occupied and unoccupied, kharab and gomal. The block is situated on either side of the Tirthahalli-Agumbe road and lies to the west of the Malati river.

3. Five villages are affected by the reservation proposed, and all of them have been granted the right to graze cattle in the State Forest, on payment of lump sum grazing fees ranging from one to four rupees annually.

4. As regards the grant of fuel and leaves for manure, the Deputy Commissioner is of opinion that the quantities allowed to be taken by the raiyats, as per Forest Settlement Officer's proposals do not adequately meet the requirements of the malnad raiyat. The Deputy Commissioner, therefore, recommends more liberal grants and the recommendation deserves consideration.

5. Nineteen claims as detailed below were preferred before the Forest Settlement Officer:—

(1)	The right of grazing	1
(2)	Rights of way	5
(3)	Rights not falling under any of the above two ...	13

All the rights under (1) and (2), and twelve out of the thirteen under (3) were admitted. The Deputy Commissioner brings to notice that a portion of occupied kan Survey No. 130 of the Kolagi village has been included in the proposed block without the kan holder being compensated for the curtailment of his rights over the kan in proportion to the area taken up. He further remarks that the demarcation line runs close to the edge of certain occupied lands in the Shirur village and suggests that it is desirable to acquire certain portions thereof so as to leave a sufficient margin from the edge of cultivation. He also suggests that land Survey No. 26 in the Chengar village which has been included in the block, as an enclosure, should be excluded as there would be no appreciable diminution thereby in the area of the block under reference.

6. It is reported that no appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

7. Except for the few observations of the Deputy Commissioner, noticed above, and which deserve the consideration of Government, I see no objection to the issue of the final notification.

ENCLOSURE (1).

Letter No. 261, dated 24th October 1911, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner in Mysore.

I have the honor to forward herewith the marginally noted papers relating to the reservation of the proposed Shirur State Forest in the Tirthahalli Taluk, with the following observations:—

(1) Forest Settlement Officer's letter No. 71, dated 26th August 1911, with enclosure.
(2) Draft Notification.
(3) 'B' Register.
(4) 'C' Register.
(5) Map.
(6) Topo tracing.

1. A portion of Survey No. 130 of Kolagi village, which is an occupied kan has been included within the proposed State Forest. As this is a land actually in holding and on which the occupant pays assessment to Government and exercises certain privileges as per Notification No. 1492, dated 25th November 1885, as modified by Notification No. 24560—R. 3597, dated 22nd June 1895, it is necessary in my opinion to compensate the kan holder for the area taken up out of his holding. There is nothing in the kan rules to deprive him of compensation for the curtailment of the area on which he would otherwise be exercising his rights.

2. The boundary line of the block runs close to the edge of certain occupied lands of Shirur village. The Settlement Officer in his decision against claim No. 11 in the register of claims states that a deviation of the boundary line so as to leave the prescribed margin would seriously disfigure the configuration of the block. It is a question for consideration whether in that case it is not desirable to acquire some lands under the Land Acquisition Regulation so as to leave sufficient margin from the edge of cultivation.

3. Survey No. 26 of Chengar village, which is situated at the south-eastern extremity of the block has been included as an enclosure within it. It seems desirable to exclude it from the block, as this does not to any appreciable extent diminish the area of the block.

4. The quantities of fuel and soppu mentioned in the statement received with the Settlement Officer's letter No. 71, dated 26th August 1911, do not meet adequately the requirements of the malnad raiyat and more liberal grants are, in my opinion, necessary.

5. With these observations, I am of opinion that the proposed reservation may be sanctioned by Government.

ENCLOSURE (2).

Letter No. 71, dated 25th August 1911, from the Forest Settlement Officer in Mysore.

I have the honor to report on the conclusion of the Settlement of the Shirur proposed forest in the Tirthahalli Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation was issued by Government with their Order No. R. 5244—Ft. 124-07-2, dated 18th February 1908, and the same was published in Part I of the *Mysore Gazette*, on pages 118 and 119, dated the 20th February 1908, and the proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M Shama Rao, M A., which appeared on pages 191, 192 and 193 of the *Mysore Gazette*, Part II (Kannada), dated the 9th April 1908.

3. The proclamatory notices were served on the villagers affected by the reservation of Shirur Block, through the Amildar of the Tirthahalli Taluk.

4. The Block was inspected and perambulated by me from the 23rd December 1910 to 26th December 1910, and 19 claims as detailed below were preferred to me:—

(*i*) One for right of grazing at the present hulbanni rates.
(*ii*) Five claims for right of way.
(*iii*) Thirteen claims for rights not falling under any of the above.

All the claims under i and ii were admitted; out of thirteen claims under iii, twelve were admitted and one, *viz.*, claim No. 14 in the 'B' Register in respect of the exclusion of the hamlet of Paduvalli and Survey Nos. 127 and 128 of Shirur was rejected as the same is situated in the middle of the proposed area and does not admit of exclusion. It has, however, been ordered that the same should be demarcated out free from reservation and treated as enclosures within the block. All the nineteen claims noted above have been recorded in the 'B' Register.

As the villages of Shirur, Kolaji, Hosur, Honnetal and Chengar lose most of their kharab and gomal lands by the formation of the Shirur Block and as the last three villages have been made to contribute lands to the neighbouring forests also, I decided that the raiyats of these villages be entitled to the exercise of the rights and privileges conferred on the malnad raiyats under Government Order No. 7375—Ft. 164-04-9, dated 17th March 1909. But as it is incumbent upon me under clause c. of Section 12 to specify the extent of these concessions, a statement based on the information since collected by me during my enquiry in respect of the settlement of other blocks of the malnad forests is herewith submitted for the approval of Government. A foot note has also been made at the end of the 'B' Register restricting the enjoyment of the raiyats' privileges within the block to the extent shown in the statement.

5. The Deputy Commissioner has intimated in his letter No. 4997, dated the 13—17th April 1911, that no appeal has been preferred to him against my decision.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' do.
3. Boundary notification.
4. Sketch map.
5. Topo-tracing.

7. The date from which the reservation is to take effect has to be kindly inserted in the draft boundary notification.

ENCLOSURE (3).

8	Duggappa, resident of Kolagi.	25th Dec. 1910	States that he is in the enjoyment of kan Survey No. 130 which has an extent of 91 and odd acres and that he will be satisfied if the portion of land as marked on the village map is excluded.	....	As the occupant says that this land is indispensable to him and as the Forest Settlement Officer has inspected this portion of land and is satisfied that it is more useful to the occupant, his prayers may be granted	....	*Claims 8 and 9*—Duggappa and Kunara claimed 91 acres and 39 gundas out of kan bearing Survey No. 130 of the Kolagi village. The shanbhog deposed that the parties pay kan assessment of Rs. 7 8 0 and are in the enjoyment of the said extent of land. As, under the kan rules they have no right to the land, they agreed to the compromise which necessitated the alteration of the forest boundary line referred to in the order made with reference to claim No. 3 *supra*. The line will be deviated at the south east corner of Survey No. 196 and be made to touch the Kolagi gadi at a distance of 15 chains from the boundary bottle bandh by the side of which the foot-path leading from Karebyle passes through Survey No. 117 of the Shirur village. The deviation of the line ordered in the case of Chengar involves the deviation of the preliminary demarcation line at the south east corner of the katte adjoining Survey No. 80 of Shirur. It will instead of running in a south-easterly direction, run due south so as to touch a point about one furlong from the north east corner of Survey No. 54 of Chengar. Revenue (Forest), dated 24th January 1913.

(II) Letter No. 10258, dated the 17th June 1912, from the Conservator of Forests in Mysore, expressing his opinion on the settlement.

Referring to your letter No. R. 5870—Ft. 139-11-2, dated the 19th April 1912, forwarding the marginally noted papers relating to the settlement of the Shirur Forest Block in the Tirthahalli Taluk for remarks, I have the honour to state as follows:—

(1) Letter No. 11160, dated 2nd April 1912, from the Revenue Commissioner.
(2) Letter No. 261, dated 24th October 1911, from the Deputy Commissioner, Shimoga.
(3) Letter No. 71, dated 28th August 1911, from the Forest Settlement Officer.
(4) Registers B and C
(5) Topo-tracing and map
(6) Draft boundary notification.

(1) The portion of Kan Survey No. 130 of Kolagi village taken to the forest may be treated as an enclosure.

(2) The Forest Settlement Officer recommends the acquisition of Survey Nos. 126, 115, 108, 101, 81, 120, 26, 130 of the Shirur village, so as to give the block a clear boundary line. The Deputy Commissioner supports the recommendation and I have no objection to its adoption.

(3) Survey No. 26 of Chengar village may be excluded from the forest area as suggested by the Deputy Commissioner.

(4) The Deputy Commissioner is of opinion that the quantities of soppu and fuel as sanctioned by the Forest Settlement Officer and entered in a separate statement are inadequate and that more liberal grants are necessary. From the statement noted below, it will be seen that 5,066 acres of kharab and 3,962 acres of gomal areas have been left at the disposal of these villagers. These areas are always available for the exercise of their rights. The concessions made by the Forest Settlement Officer within the block are supplemental to these. As the villagers themselves have not asked for more concessions the Deputy Commissioner's objection may be overlooked.

(5) The northern boundary is described as passing through Survey No. 154 of the Kolagi village. In the map too, it is shown similarly. But in the "C" Statement, the survey number is shown as having been entirely taken up for the forest. This discrepancy needs to be rectified.

(6) The number of cattle given in the "C" Statement and B. Register differ from one another as regards Honnethal and Chengar villages.

(7) Subject to the above remarks, I beg that the block may be notified under Section 17 of the Forest Regulation.

(8) The papers received with your letter under reply are returned herewith.

(III) Letter No. 26, dated 25th July 1912, from the Forest Settlement Officer, received through the Conservator of Forests.

With reference to your letter No. R. 96—Ft. 139-11-4, dated the 4th July 1912, returning the papers relating to the Settlement of the Shirur Block in the Tirthahalli Taluk and calling for information regarding certain points raised therein, I beg to state as follows:—

Para 1 of the letter under reply.—There is no necessity to alter the boundary line of the reserve as suggested. Area of Survey No. 130 of the Kolagi village is 122 acres, 25 guntas out of which 91 acres, 39 guntas form a kan in the occupancy of one Konara. As the occupied kan is not separately defined and demarcated and as it is evidently held in violation of the rules relating to the kan tenure, the khatedar and his nephew agreed to be satisfied with that portion of the survey number lying between the Kalkodihalla and the line drawn from the hotte bandhs to the west of the south-east corner of the said survey number meeting the Agumbe high road at a point about 5 chains south-west from the south-west corner of Survey No. 134. and recorded a statement before me to that effect and thereby waived their claim with reference to the remaining extent of their occupancy. I accordingly

decided that the portion of Survey No. 130 required by them as well as a small strip of land to the east of the hotte bandhs referred to above, be excluded from the reserve and that the demarcation line be altered accordingly (*Vide* claims 8 and 9 in the "B" Register) Thus, it will be seen that there is no necessity to treat any portion of the occupied kan as an enclosure Nor, is there any reason to grant compensation to the parties as recommended by the Deputy Commissioner.

Para 2.—Owing to the malnad nature of the country, every village in the locality in question consists of several valleys separated by extensive hillocks and each valley is cultivated either with sugari or the paddy crop, by the raiyats of the hamlet established at the edge of the same. It is almost impracticable for the raiyats of a hamlet situated at one extremity thereof, to go to the forest situated at the other extremity of the village for obtaining their supply of soppu and fuel Moreover, these villages have contributed large extent of lands to the State Forests in question and have been hemmed in by forests on either side In these circumstances, I found it necessary to grant the concessions to the villages concerned in more than one State Forest formed out of their lands, as I am confident that the privilege can, notwithstanding, be exercised only in the State Forest adjoining the respective hamlet

Para 3—The area of kan Survey No 154 is 229 acres. 11 guntas out of which only 115 acres have been included in the reserve The necessary correction has now been made in the "C" Register.

Para 4—The discrepancies pointed out have been rectified.

Para 5.—According to Notification No R 5214—Ft 124-70-2, dated the 18th February 1908, proposing the tract in question as a State Forest, Survey No 26 of Chengar was treated as an enclosure within the block and shewn as such in the map of the forest. As it is situated at the south-east corner of the reserve, the settled boundary line may be deviated as shown in green ink in the sketch map, at a point about 5 chains west from the south-west corner of the said survey number and made to run north-east in a straight line to a point about 5 chains north from the northernmost corner of Survey No. 50.

2. The papers received with the letter under reply are returned herewith.

No. R. 3808-12—Ft. 139-11-6, dated Bangalore, 24th January 1913.

Order thereon.—Government are pleased to approve of the settlement of the block as conducted by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation will be published in the *Mysore Gazette*, the 1st of March 1913 being fixed as the date from which the block will be declared a State Forest.

2. The provision made by the Forest Settlement Officer for meeting the agricultural requirements of the villages affected by the reservation within the forest, appear to Government to be adequate. There are also 3,962 acres of gomal lands and 5,066 acres of kharab lands in which the privileges exercised by these villages remain unaffected. Government do not, therefore, consider it necessary to enhance the concessions as suggested by the Deputy Commissioner.

3. Government approve of the boundary of the block at its south eastern corner being slightly altered so as to throw out of the block Survey No. 26 of Chengar village which has been treated by the Forest Settlement Officer as an enclosure within the block. The necessary modifications have been made in the boundary statement appended to the notification.

4. It seems to Government to be desirable to acquire, as suggested by the Deputy Commissioner such portions of the cultivated lands of the Shinur village as touch the boundary line, so that sufficient margin may be left between the boundary and the cultivated lands.

5. The assessment of Rs. 17 on Survey No. 78 (assessed unoccupied) of Honnethal village which has been included in the block, should be written off the accounts.

Revenue (Forest), dated 24th January 1913.

6. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the forest in the localities in which it is situated.

NOTIFICATION.

No. R. 3813—Ft. 139-11-7, dated 24th January 1913.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st March 1913, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk, hobli and village	Approximate area	Name of block	Boundaries
Shimoga	Tirthahalli Taluk, Agumbi hobli, Kolagi, Shirur, Honnethal, Hosur and Chengar villages	2·55 square miles	Shirur	*Situation.*—This block is situated on either side of the Tirthahalli-Agumbi road and to the west of the Malati river. *North.*—Starting from a point on the southern boundary of Survey No. 5 of Dasankodagi about 10 chains north-east from the south-west corner of Survey No. 5 of the same village, the line runs in an easterly direction as far as Nallur Halla through Survey No. 110 of Kolagi for about 20 chains; then across the said halla to the other bank where Kalkodihalla joins it; then south through Survey No. 130 of Kolagi for 35 chains along the western bank of the latter halla to a point about 4 chains north from the north-east corner of Survey No. 111 of Hosur; then south-east along the southern boundary of the Kolagi village through Survey No. 130 for about 10 chains to a point about 10 chains north-west from the south-east corner of Survey No. 130; then north-east through the same survey number for about 22 chains and meets the Agumbi-Tirthahalli high road at a point about 3 chains west from the south-west corner of Survey No. 134; then south-east across the said high road through Survey No. 133 for about 22 chains so as to meet the halla running along the eastern boundary of Survey No. 132 at a point about 5 chains south from the south-east corner of the latter survey number; then north and north-east along the eastern bank of the said halla and through Survey Nos. 133 and 154 for about 40 chains to a point about 4 chains south from the south-east corner of Survey No. 163; then in an easterly direction through Survey No. 154 for about 46 chains to a point on the eastern boundary of Kolagi village about 12 chains south-west from the south-west corner of Survey No. 126 of Shirur: then north-east for about 13 chains through Survey No. 118 of the same village to the south-east corner of survey No. 126 of Shirur; then due east for about 24 chains through the same survey number to the south-east corner of Survey No. 115 of Shirur; then south-east for about 26 chains through Survey No. 118 to the north-west corner of Survey No. 103; then along the west side of the said survey number to its south-west corner; then again south-east through Survey Nos. 118 and 100 of the same village to the south-west corner of Survey No. 81 touching the south-west corner of Survey No. 101 of Shirur; then along the south side of Survey No. 81 to its south-east corner; then in the same direction for about 60 chains to the south-east corner of the tank abutting Survey No. 29. *East.*—Then the line runs due south through Survey No. 30 of Shirur for about 11 chains to a point about 10 chains north from the northernmost corner of Survey No. 53 of Chengar; then south-west through the same survey number for about 11 chains to a point on the northern boundary of Chengar about 10 chains north-west from the north-west corner of Survey No. 53 of the same village; then in the same direction for about 6 chains through Survey No. 49 of Chengar to a point about 10 chains north-west from the north-west corner

of Survey No 57 of the same village, then due south through Survey No 49 of Chengar for about 40 chains to a point about 5 chains north from the northernmost corner of Survey No. 50 of the same village, then south-west in a straight line for about 23 chains through Survey No 49 of Chengar to a point about 5 chains west from the south-west corner of Survey No 26 of the said village

South—Then the line runs west through Survey No. 49 of Chengar for about 20 chains to the northernmost corner of Survey No 27 of the same village, then south-west through Survey No 49 of the same village for about 15 chains to a point about 7 chains north-east from the north-east corner of Survey No 81 of Honnethal, then north-west through Survey No 78 of the same village for about 52 chains to a point 10 chains north from the northernmost corner of Survey No 179, then westwards through the same survey number for about 29 chains to a point about 10 chains north from the northernmost corner of Survey No 178 of the same village, then south-west through the same survey number and Survey No 39 for about 62 chains till it meets the western boundary of the said village at a point about 8 chains north-east from the north-east corner of Survey No 80 of Hosur, then north-west through Survey Nos 46 and 112 of Hosur for about 69 chains to a point about 8 chains east from the south east corner of Survey No. 101 of Hosur.

West—Then the line runs north-east through Survey No. 112 of Hosur for about 14 chains to the south-east corner of Survey No 110 of the same village, then along the eastern boundary of the said survey number and Survey No 111 to the north-east corner of the latter survey number, then north-west through Survey No 112 of the same village and 130 of Kolagi for about 40 chains till it meets the left bank of Nallur halla at a point about 6 chains north-east from the south-east corner of Survey No. 38 of Dasankodagi; then north, north-west and north-east along the western boundary of Kolagi to the starting point.

Remarks.

A. The following rights of way are admitted within the block:—

i Cart-track leading from Paduvalli to Honnethal, 15 feet wide and about 90 chains long, open for men, cattle and carts all the year round. It begins in the forest at the north-west corner of Survey No 127 of Shirur, goes south-east through Survey Nos. 118 and 100 of Shirur and 78 of Honnethal and joins the cart-track leading from Arehalli to Honnethal (*vide* No (v) *infra*)

ii. Foot-path from Shirur to Chengar, 5 feet wide and about 15 chains long, open for men and cattle only, throughout the year It enters the forest in the northern boundary at a point about 3 chains south-east from the south-east corner of Survey No. 130 of Shirur and goes south through Survey No 30 and quits the forest in the eastern boundary at a point about 10 chains north from the north-west corner of Survey No. 57 of Chengar.

iii Foot-path from Hosur to Survey No 136 of Kolagi, 5 feet wide and about 28 chains long, open for men and cattle only, throughout the year. It enters the forest in its western boundary at a point about 30 chains north-west from the north-east corner of Survey No 110 of the former village, goes north-east and east through Survey No 130 of Kolagi and quits the forest in its northern boundary at a point about 10 chains south from the junction of Nallur halla and Kadukodi halla

iv. The high road leading from Udupi to Shimoga is admitted for men, cattle and carts throughout the year It enters the forest in the southern boundary at a point about 22 chains east from the south-east corner of Survey No 101 of Hosur, goes north-east and north through Survey Nos. 112 of Hosur and 133 of Kolagi and quits the forest in the northern boundary at a point about 3 chains west from the south-west corner of Survey No. 134 of Kolagi.

v. Cart-track from Arehalli to Honnethal, 15 feet wide and about 45 chains long, open for men, cattle and carts all the year round It enters the forest in the southern boundary at a point about 6 chains west from the south-west corner of Survey No 26 of Chengar, goes north-west and south-west through Survey No. 49 of the same village and 78 of Honnethal and quits the forest in the southern boundary at a point about 7 chains north-east from the northernmost corner of Survey No. 81 of Honnethal.

B. The undermentioned concessions are admitted with the block.

(1) The raiyats of the following villages are permitted to graze their cattle in the Shirur State Forest on payment of a lump sum hulbannu fee, per annum, as mentioned below:—

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

Government Order No. 2956-96—G. F. 200-09, dated 21st December 1909, approving tentatively the proposals of the Comptroller, Mysore Government, for the timely preparation and issue of the State Budget Estimates.

READ—

Letter No. 2459—B. & R. 206, dated 26th September 1912, from the Comptroller, soliciting that the proposals tentatively approved in the Government Order of the 21st December 1909 may be confirmed with the modifications now suggested with a view to minimize delay in the issue of the consolidated budget estimates in the future:—

No. 2459—B. & R. 206, dated Bangalore, the 26th September 1912, from J. S. Chakravarti, Esq., M. A., F. R. A. S., etc., Comptroller to the Government of His Highness the Maharaja of Mysore, to K. R. Srinivasiengar, Esq., M. A., Officiating Secretary to the Government of Mysore, General and Revenue Departments.

Adverting to Government Proceedings No. Fl. 2956-96—G. F. 200-09-2, dated 21st December 1909, approving tentatively of my proposals for the timely preparation and issue of the State Budget, I have the honor to report that, after the issue of the order referred to above, three years' budgets have been dealt with and that it has been found that, as a result of the arrangements sanctioned by Government, the task of scrutinising the departmental budget estimates has been facilitated to a great extent. It has been possible for my office to submit the departmental estimates to Government much earlier than in former years and for the Government to intimate provisional sanctions to a larger number of estimates for my consolidated budget though instances are not still wanting in which provisional sanctions were communicated to this office long after the consolidation and even after the issue of the budget order finally sanctioning the State budget.

2. The preliminary accounts for the past three years have been closed earlier than usual though not without special efforts on the part of my office not only to get the accounts in time but also in auditing and compiling them within the prescribed time notwithstanding the delays on the part of the Treasuries This has removed the difficulty experienced (1) in sending the budget forms to the departments in time, (2) in framing an accurate revised estimate and (3) in furnishing figures for the General Administration Report.

3. In paras 6 and 13 of my letter of the 12th November 1909 quoted in extenso in the order referred to above, the punctual submission of the estimates on the due dates has been specially emphasised, but this is not followed by some of the officers sending the estimates. In these cases the estimates are received two or three weeks after the due dates and only on reminders issued from this office. In some other cases, however, they are received in advance of the due dates (*vide* statement appended showing the due dates and dates of receipts in the past three years). It is, therefore, desirable that the dates prescribed be revised once more to suit all cases and I have accordingly revised and entered the proposed dates in the last column of the statement referred to above.

4. The features noticed above are decidedly an improvement on the old order of things and are therefore calculated to justify the confirmation of the arrangements tentatively sanctioned in the order under reference. In proposing such confirmation I beg to point out that there are some directions in which further improvements may be anticipated by some modifications in the arrangements already sanctioned. The following are the modifications which I now submit for sanction:—

(*a*) The alterations proposed in the due dates are to secure a uniform and gradual flow of the estimates in this office, while at the same time the convenience of the departments concerned is also met. I, therefore, trust that after the revision of the due dates as above, there will be no cause for any delay so as to interfere with the graduated arrangement of work made on that basis in the budget section of my office.

(*b*) The rule laid down in para 4 of the order, that sanctions to new expenditure accorded after 31st March will not be taken into account in fixing the estimates for the next year is not strictly observed. In framing the current year's budget individual sanctions to new expenditure were being received even after the consolidation of the provisionally accepted budgets and after the commencement of the new financial year. The inconveniences arising out of this practice have been already pointed out in my letter of the 12th November 1909 (paras 8 and 9) and at no stage, till the passing of the final budget, is there any finality in the figures adopted for the budget. This leads to much difficulty and complexity in fixing

the budget figures. To allow of more time for the new items to be incorporated in the budget, the date fixed may, if necessary, be changed to 1st May, as 15th May is the date on which the consolidated budget estimate is to be submitted to Government. It is, therefore, desirable that all additional sanctions to new items of expenditure proposed and all provisional sanctions to departmental estimates should be communicated before 1st May. All the items sanctioned subsequent to 1st May, may be mentioned in the Government Order sanctioning the final budget and will be added on in the budget as lump sum grants. If this can be arranged, the difference between the Comptroller's draft budget submitted to Government and that finally sanctioned by Government will be much reduced at least as far as the detailed estimates are concerned. The procedure indicated above will avoid the necessity for making wholesale corrections in the Comptroller's draft budget after it is passed finally by Government and will facilitate minimising the delay that now occurs in issuing the consolidated sanctioned budget estimate on account of numerous corrections made at the time of finally printing the budget.

Financial (General Finance), dated 15th January 1913.

No. Fl. 3816-60—Gen. Fin. 59-12-2, dated Bangalore, 15th January 1913.

Order thereon.—The proposals tentatively sanctioned in Government Order No. 2956-96—G. F. 200-09, dated 21st December 1909, are found to have produced satisfactory results and are hereby made permanent with the alterations in date suggested by the Comptroller. Government expect all Heads of Departments and other Officers concerned to send to the Comptroller the estimates relating to their departments or offices on or before the due dates so that the consolidated estimates may be issued in time.

2. To further ensure the speedy disposal of departmental estimates in the Comptroller's Office the marginally noted statements required to be sent to the Comptroller with the departmental estimates under paras 10, 14 and 15 of Chapter II, Part I, of the Financial Rules, may in future be sent separately a month in advance of the departmental estimates.

1. Statement of progressive salaries.
2. Numerical statement.
3. Statement of fixed tentage, travelling allowance and conveyance allowances.

3. The Heads of Departments are particularly requested to note that the rule under which sanctions to new expenditure accorded after 1st May will not be taken into account in fixing the estimates for the subsequent year will be strictly enforced hereafter and they should, therefore, see that such of their proposals as are required to be carried out in any year are submitted in time to permit of their consideration and disposal by Government before that date.

(1) Government Proceedings No. J. 541-2—Legis. 29-11-10, dated the 17th August 1912, sanctioning an estimate amounting to Rs. 19,006 for the manufacture of 10,000 sets of weights and measures by inviting tenders.

(2) Letter No. 7093, dated the 24th August 1912 from the Chief Engineer of Mysore, requesting that the sum of Rs. 7,200 sanctioned in the order of the 27th October 1911 for machinery to be installed in the Central Jail for manufacturing weights and measures may be transferred to the Public Works Department.

No. FL. 3742-53—G. F. 35-12-2, DATED BANGALORE, 11TH JANUARY 1913.

ORDER THEREON.—As the installation of machinery in the Central Jail for manufacturing weights and measures will take some time, the sum of Rs. 7,200 provided therefor may be appropriated by the Chief Engineer towards the purchase of 10,000 sets of weights and measures. The balance of the estimated amount still required, *viz.* (Rs. 19,006—7,200=11,806) is sanctioned as an additional grant.

The Superintendent, Central Jail, will stock all the weights and measures and fix the selling price of each weight and measure in consultation with the Executive Engineer, Water Supply and Stores Division, due regard being had to the requirements of Rule 4 of the Rules under the Weights and Measures Regulation, 1902.

The weights and measures shall be offered for sale at the Central Jail, Bangalore, and a commission of 5 per cent on the selling price shall be allowed by the Superintendent to the wholesale purchasers who buy them in quantities not less than Rs. 100 in value at a time, for the purpose of selling them to the public by retail. These private sellers will be free to sell the weights and measures at prices fixed by themselves. But in order to guard the interest of purchasers, the retail prices at which these articles are obtainable in the Central Jail will be published in the Gazette, once every month.

The sale proceeds shall be credited by the Superintendent, Central Jail, to the District Treasury, Bangalore, under a distinct head of account.

Letter No. 177, dated the 27th September 1912, from the Commissioner of Stamps in Mysore, submitting a Report on the Administration of the Stamp Department during the year 1911-12.

NO. FL. 3732-41—S. R. 74-12-3, DATED BANGALORE, 11TH JANUARY 1913.

ORDER THEREON.—The stamp revenue for the year under report was Rs. 9,15,527-12-6 against Rs. 8,26,144-4-0 in 1910-11 and was higher than that of any previous year. Both General and Court Fees stamps have contributed to the increase.

2. The inspection work done during the year was satisfactory. There were seven prosecutions for offences under the Stamp Laws as against one in the previous year.

Letter No 2664, dated the 26th September 1912, from the Excise Commissioner in Mysore, forwarding a Report on the Administration of the Excise Department for the year 1911-12

No. FL 4000-9—S. R. 73-12-3, DATED BANGALORE, 18TH JANUARY 1913.

ORDER THEREON.—*Financial results.*—The total Excise revenue realized during the year, including the arrears of previous years, was Rs. 45,45,607, or an increase of Rs. 1,76,547 over that of the year 1910-11 The total current demand for the year under report was Rs. 45,44,080 against Rs. 43,55,423 in the previous year. Deducting assignments towards local cess and refunds to privileged Inamdars and certain other miscellaneous items, the net Excise revenue realised amounted to Rs 41,20,936 against Rs. 40,94,006 in the previous year.

The increase in realisations was spread over all the principal items of Excise revenue, except foreign liquor, toddy and arrack contributing the largest share The consumption of arrack which in 1910-11, (the year in which the strength of the liquor was reduced from 20° U. P to 25° U. P.) fell below that of the previous year by 7,566 gallons, rose during the year under review by 11,846 gallons, thereby showing that the drinking classes are getting used to the weaker spirit

The increase under the revenue from toddy may be ascribed chiefly to the enhanced rates of tree-tax on toddy trees, levied with effect from the commencement of the official year under report. As was expected, the income under shop rent showed a slight decrease, while the revenue under tree-tax went up by nearly Rs 89,341, or 3 per cent, with the result that while shop rent stood to tree-tax in 1910-11 in the ratio of 70·7 to 29·3, the proportion in the year under report was 67 7 to 32·3. The object of the Government in enhancing the rates of tree-tax may therefore be taken as to some extent realised.

The total number of trees tapped for the shops in the State, inclusive of trees tapped in the Madras Presidency, was 437,629 against 433,654 in 1910-11. It is noted that the income under tree rent showed a tendency to fall as the licensees seem to have preferred trees standing on cultivated lands owing to their larger yield of toddy.

2. *Number of shops.*—The policy of reducing the number of Excise shops was continued during the year. There were in all 4,470 shops in 1911-12 against 4,506 in 1910-11.

3. *Ganja cultivation.*—Government are glad to note that the cultivation of ganja locally, which it was feared would be a failure, is, as a result of the adoption of improved methods, yielding encouraging results. It is hoped that, with seeds of the Duggapad variety and the employment of skilled labour in harvesting and curing the crop, it will be possible to grow locally in the near future, the drug of the required quality and quantity.

4. *Inamdars' claims and refunds.*—The claims to the toddy revenue of 20 inam villages were enquired into and rejected during the year under report, and refunds to the extent of Rs. 1,65,178 were sanctioned in favour of inamdars whose claims have been finally disposed of.

5. *Administrative measures.*—The following are among the measures sanctioned for the more efficient administration of the Department:—

(i) The increase to the number of Excise ranges in the State by four;

(ii) The continuance of the Kolar Gold Fields Patrol Party for a further period of three years; and

(iii) The continuance of the Excise Training School.

Since the close of the official year, orders have been passed placing an officer on special duty for one year to give the subordinate staff of the Excise Department, a systematic training in detection work.

No. FL. 4263-4—S. R. 203-11-4, DATED BANGALORE, 31ST JANUARY 1913.

ORDER THEREON.—Though several opportunities were given to the Inamdar to produce satisfactory evidence, in support of his claim to the toddy excise revenue of his village, he has failed to adduce any evidence. Government therefore hold that he is not entitled to the toddy excise revenue of the village in question.

Para 2 of Government Order No. J. 1212-13, dated 12th February 1903, revising the classification of Munsiffs.

No. J. 1869-70—CTS. 158-12-1, DATED BANGALORE, 6TH JANUARY 1913.

ORDER THEREON.—With a view to improving the position and prospects of Munsiffs in the State, the Government of His Highness the Maharaja are pleased to direct that they shall be graded in five classes rising from Rs. 200 to Rs. 400 by triennial increments of Rs. 50 and that, including Probationers, they shall be regarded as gazetted officers. An officer appointed to be Munsiff shall be on probation for two years and draw Rs. 150 per mensem as at present. After the lapse of the probationary period and on becoming qualified, he will be confirmed as Munsiff, Fifth class, on Rs. 200 per mensem. If he continues to render approved service, he will afterwards rise according to the scale given below :—

To Munsiff, Fourth class ...	After three years' approved service in	Fifth class on Rs. 200.	
To Munsiff, Third class ...	Do	do	Fourth class.
To Munsiff, Second class ...	Do	do	Third ,,
To Munsiff, First class ...	Do	do	Second ,,

2. The Deputy Registrar of the Chief Court will be included in the grade of Munsiffs.

3. The Government are pleased to direct that the time scale fixed above should be made applicable to the present officers with effect from 1st November 1912. Such of the officers as have been drawing their present rate of pay for over three years will be promoted to the next higher class under the time scale. As regards others, the period during which they are drawing the present rate of pay will count towards the next increment in the time scale. Officers in the present class of Rs. 150—$\frac{50}{2}$—200 will rise to Rs. 250 under the time scale after three years' permanent service on Rs. 200. The pay of the Munsiffs, as thus revised, and the date on which their next increment will accrue, are shown in the appended statement.

Letter No. 1309—95, dated 7th October 1912, from the Registrar, Chief Court of Mysore, forwarding the Report on the Administration of Civil Justice in Mysore for the year 1911-12 together with the usual statements.

No. J. 1892– CTS. 92-12-3, DATED BANGALORE, 7TH JANUARY 1913.

ORDER THEREON.—*Number and jurisdiction of Courts.*—The year under report was marked by certain important changes in the number and the territorial jurisdiction of the Courts in the State. With a view to give relief to the Judges of the Chief Court, a District and Sessions Court was established at Bangalore with jurisdiction over the districts of Bangalore, Kolar and Tumkur, and the ordinary Civil and Criminal jurisdiction of the Chief Court was simultaneously withdrawn, while the unlimited original jurisdiction of the Subordinate Judge at Bangalore was reduced to a limit of Rs. 10,000 as in the other Subordinate Judges' Courts.

2. A slight readjustment was ordered in the territorial jurisdiction of the Courts of the Munsiffs of Seringapatam, Hole-Narsipur and the Additional Munsiff of Mysore, and the jurisdiction over the Tarikere Taluk in the Kadur District was transferred to the Subordinate Judge of Shimoga. The temporary Additional Munsiff's Court, established at Chikballapur to give relief to the permanent Munsiff, was continued during the year, and the question of giving permanent relief to the latter Court by establishing a new Court or by a readjustment of the jurisdiction of the several Courts in the Bangalore Division is engaging the attention of Government.

3. *Suit filed and disposed of.*—The number of suits filed during the year was 24,525 against 21,969 in the previous year, showing an increase of 2,556 suits. The figure for the year is the highest yet recorded. The disposals during the year kept pace with the institutions, 24,019 suits having been disposed of against 21,577 in the previous year. There was an improvement in the average duration of contested small cause suits disposed of by the Courts, but the duration of contested original suits disposed of, was nearly twice as long as that of such suits in the previous year.

4. Government are glad to note that there was an improvement in the number of execution petitions returned as partially or wholly successful.

5. *Appeals.*—The number of regular appeals filed in the Subordinate Courts was 692 against 551 in the previous year. Out of 967 appeals that came up for disposal including the previous year's arrears, 742 appeals were disposed of. The average duration of these appeals in the Subordinate Judges' Courts was 105·64 days against 162·27 days and in the District Judges' Courts, 129·89 days against 201·31 days in 1910-11.

6. The Chief Court disposed of 261 first appeals and 223 second appeals against 267 first appeals and 204 second appeals instituted during the year.

7. The report does not make it clear why the records of the Subordinate Judge's Court at Bangalore were not sorted and sent to the Central Record Room. The Chief Court is requested to forward to Government with its own opinion, the report called for from the Subordinate Judge in the matter.

Letter No. 772-8, dated the 30th September 1912, from the Inspector-General of Registration in Mysore, submitting the Report on the working of the Registration Department in Mysore during the year 1911-12.

No. J. 1880-8—REGIS. 25-12-3, DATED BANGALORE, 7TH JANUARY 1913.

ORDER THEREON.—The number of documents registered during the year under report was the largest on record and represented an increase of 7,324 or 8·43 per cent over the number in the year 1910-11. The increase is noticeable among documents compulsorily registrable as well as in those optionally registrable. There was also an increase in the number of wills presented for registration.

2. Consequent on the increase in the number of documents registered, the receipts of the department rose from Rs. 1,63,430-3-3 to Rs. 1,85,946-0-7. The total expenditure amounted to Rs. 84,229-3-7 against Rs. 84,553-0-1 in the previous year.

3. Government regret to note that there was a falling off in the work of inspection of the Sub-Registry offices during the year. The number of offices left wholly uninspected was 9 against 3 in the year 1910-11.

It has recently been brought to my notice that two reservists of the Indian Army Reserve were given employment in the Police Department without reference to the Officer Commanding the Unit to which the men were attached or to the Officer Commanding the Reserve Centre to which the men belonged The men were therefore still borne on the rolls of the Reserve until the fact became known to the Military authorities when they were accordingly struck off the strength of the Indian Army Reserve

2 No reservist of the Indian Army should accept employment as a policeman, jail warder or forest guard, and I should be glad if you would kindly issue instructions to those concerned to ensure that reservists of the Indian Army are not employed as stated above without previous reference to the Military authorities concerned

No. J. 1933-41—Police 133-11-12, dated Bangalore, 10th January 1913.

Order.—With a view to ensure better control over the possession of fire arms by retainers of license-holders, Government are pleased to direct that the annexed forms be substituted for the Forms IV and V appended to the Rules under the Mysore Arms Regulation published with Notification No. J. 1782—Police Mis. 65, dated 26th December 1905, and to lay down the following rules for the guidance of Magistrates in this matter.

RULES.

1. The provision for including retainers is intended to meet the case only of persons whose standing or circumstances are such as to make it reasonable for them to employ retainers or servants who would be required in the ordinary course of their duties to carry weapons.

2. All applications for the inclusion of retainers under licenses in Forms IV and V must be dealt with by the District Magistrates in person. The power of renewing the names of retainers in Form IV may be delegated by the District Magistrates to Amildars.

3. If any retainer whose name is entered in a license should, during the continuance of the license, die, or be dismissed from or resign the service of the license-holder, no other person shall be entitled to possess arms or ammunition as the successor of such retainer, unless his name, father's name and address are entered in the license under the signature of the officer who granted the license or the successor to such officer.

4. When no retainers are licensed the fact should be clearly indicated in column 4 of the new Form IV or column 3 of the new Form V as the case may be.

CONDITIONS.

1. This license is granted subject to the provisions of the Mysore Arms Regulation, 1890, and the rules framed thereunder.

2. It covers only the persons named and the arms and ammunition described therein and such retainers (if any) as may be entered in column 4.

3. It extends only to the place or district named therein, unless countersigned for other districts or the whole of the Mysore State by the Secretary to Government, General Department, or other officer authorized to countersign.

4. It authorises the holder or persons acting under it to go armed within the place or district named for *bona fide* prosecution of the purpose named on the license; but, unless specially authorised by the Magistrate, it does not permit the holder or persons aforesaid to go armed in railway carriages or to fairs, religious processions or other public assemblages.

5. The license-holder, when purchasing any new arms or ammunition, shall have the following particulars endorsed upon his license under the vendor's signature:—

(1) the name and address of the person who takes delivery of the articles purchased;
(2) the nature and quantity of the articles purchased;
(3) the date of purchase.

6. If any weapon covered by this license is lost or stolen, the license-holder shall at once give notice of the fact to the nearest Police Station.

N. B.— This condition may be omitted at the discretion of the Government.

7. The special attention of the license-holder is drawn to the following sections of the Regulation:—

Section 8.—No person shall go armed with any arms, except under a license and to the extent and in the manner permitted thereby.

Any person so going armed without a license, or in contravention of its provisions, may be disarmed by any Magistrate, Police officer or other person empowered by the Government of Mysore in this behalf by name or by virtue of his office.

Section 14.—Whoever commits any of the following offences (namely)—

* * * * *

(*d*) goes armed in contravention of the provisions of Section 8;

(*e*) has in his possession or under his control any arms, ammunition or military stores in contravention of the provisions of Section 9 or Section 10,

Government Proceedings No. J. 2474-83—Police 108-06-9, dated the 25th February 1909, sanctioning, as a temporary measure, the scheme for the formation of a Criminal Investigation Department at a cost of Rs. 6,000.

2. Letter No. 195—C. I. D., dated the 17th June 1912, from the Inspector-General of of Police in Mysore, submitting a report on the working of the Department for the year 1911-12, and recommending that it may be made permanent.

3. Government Proceedings No. J. 841-2—Police 1-11-4, dated the 20th September 1912, authorising the Comptroller to admit the charges of the Department, pending the final orders of Government as to its permanent retention.

No. J. 2012-21—POLICE 1-11-5, DATED BANGALORE, 16TH JANUARY 1913.

ORDER THEREON.—In February 1909, on the recommendation of Mr. F. E. C. Carr, the then Inspector-General of Police, Government sanctioned, as a temporary measure, for one year, a scheme for the establishment of a Criminal Investigation Department in the State, with a view to collect and distribute information regarding organized crime and also to assist the local Police in the investigation of special or intricate criminal cases; and on receipt of further reports on the working of the Department, it was ordered to be continued till the end of June 1912.

2. In his letter read above, the Inspector-General of Police, while submitting a report on the work done by the Department during the official year 1911-12, urges the necessity for the permanent retention of the Department and also recommends an increase to the allowance drawn by his Office Assistant and the grant of a special allowance of Rs. 25 to the Manager of his office on account of the extra work thrown on them.

3. On a careful consideration, Government are satisfied as to the necessity for a Criminal Investigation Department and are accordingly pleased to direct that it be made permanent. As regards the staff, they consider, (1) that 2 Inspectors, 1 Jamadar and 4 constables are sufficient for the work of the Department; (2) that the allowance granted to the headquarter office Assistant to the Inspector-General may be raised from Rs. 50 to 75 per mensem; and (3) that there is no necessity for the grant of an allowance to the Manager of the Inspector-General's Office.

These modifications will reduce the cost of the Department from Rs. 500 to Rs. 371 per month, as shown in the statement below :—

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 18th January 1913.

READ—

Letter No 518, dated the 12th June 1912, from the Deputy Commissioner, Chitaldrug District, soliciting instructions as to whether in the case of cloth imported into Davangere Municipality and kept in the bonded warehouse, if bulk is broken and a portion of the article exported, octroi duty should be levied on the quantity so exported.

No 5219-26—Mu. 354-11-2, DATED BANGALORE, 18TH JANUARY 1913.

ORDER THEREON.—The facts of the case that gave rise to the point at issue are briefly these:—

A certain cloth merchant of the Davangere town ordered for piece goods from Iyampet and on receipt of the consignment produced it at the Municipal Office, opened the bundle, removed some cloths after paying duty thereon and left the rest in the bonded warehouse. Subsequently he wished to return the goods so left in the warehouse to the party who supplied them to him. The Vice-President demanded octroi duty thereon before removal, but the Sub-Divisional Assistant Commissioner held, on appeal, that no duty could be levied on the article under Government Order No. 11509-19—L. F. 158-92, dated the 14th January 1893 as the same was not intended for local consumption. Owing however to the difference of opinion between the two officers, the question was referred to the Deputy Commissioner and as he also entertained doubts in the matter he has submitted it for the orders of Government.

2. Government are of opinion that the view taken by the Assistant Commissioner and President of the Municipality, *viz.*, that duty should not be levied on the quantity which was returned to the party for being sent back to the dealer from whom he imported it, is correct and accordingly direct that the amount recovered from the party on this portion may be refunded to him.

3. In the last portion of his letter the Deputy Commissioner points out that, if octroi is not levied on the whole consignment on the ground that part of it is not meant for local consumption, merchants may try to evade payment of the duty by getting their customers as far as possible from villages. If the merchant canvasses for customers from outside the Municipality and sells articles to them outside the Municipal limits, it is not clear why the Municipality should grudge the villagers buying them for a price less octroi duty. The difficulty, if there should be any, can be got over by introducing into the Municipality the system of refunds prevailing in the Bangalore City Municipality in the case of duty paid articles exported subsequently. Moreover, in the case of bonded warehouse a maximum period may also be prescribed beyond which articles should not be left in the Municipal warehouse and the rent for the use of the warehouse may be fixed sufficiently high to prevent merchants leaving their goods for any length of time. The Deputy Commissioner is requested to advise the Davangere Municipal Council to frame suitable bye-laws under Section 48 (k) of the Municipal Regulation on the lines suggested above and after considering their local conditions.

4. The vernacular records received with the Deputy Commissioner's letter read above are herewith returned.

Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 22nd January 1913.

No. 5811-51—Ml. 236-12-1, dated Bangalore, 22nd January 1913.

Order.—The Government of His Highness the Maharaja have had for some time under their consideration the question of appointing a non-official President for the Bangalore City Municipality. The Deputy Commissioner, who is now the *Ex-officio* President, is, on account of the multifarious duties of his office, unable to devote that amount of attention to its affairs which their growing importance and magnitude demand. Moreover, there is, in Bangalore, a large number of experienced and capable citizens, including retired officers of Government, who are competent to fill the office of President of the Municipality with credit. In these circumstances, Government consider that the time is opportune for appointing a non-official President, and they are, therefore, pleased to direct that, in supersession of para 3 of Government Order No. 12906—Ml. 588-05-2, dated 18th June 1906, the Deputy Commissioner of Bangalore be relieved of his duties as *Ex-officio* President of the Bangalore City Municipal Council and that a whole-time President be appointed for the Municipality.

2. Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty has been offered and has agreed to accept the honorary office of President. Government are accordingly pleased to appoint Rajasabhabhushana Dewan Bahadur Mr. K. P. Puttanna Chetty, as President of the Bangalore City Municipal Council, under Section 23 (2) A of the Mysore Municipal Regulation of 1906, with effect from 1st February 1913.

3. In order to enable Mr. Puttanna Chetty to move about for purposes of inspection and other work connected with his Municipal duties, a motor car should be placed at his disposal. The initial cost of a car as also all reasonable charges for its maintenance will be borne by the Municipality.

4. Under Section 169 (2) of the Mysore Municipal Regulation, the budget estimates have to be sent to the Deputy Commissioner for submission to Government; in all other matters the President will correspond direct with Government.

Letter No. 5669—319, dated the 25th November 1912, from the Inspector-General of Education in Mysore, submitting proposals for the construction of village school buildings in 1912-13:—

Letter No. 5669—319, dated the 25th November 1912, from the Officiating Inspector-General of Education in Mysore.

With reference to the provision in the State Funds Budget of a lakh of rupees and of half a lakh in the Village School Funds Budget, for school buildings, I have the honour to inform you that having arranged with the Deputy Commissioners of Districts for suitable sites, and with the Chief Engineer for the construction of the buildings simultaneously in all the districts, so that the full amount of the two grants might be utilized before the close of the current official year. I have now been receiving plans and estimates according to the type designs approved by Government in Government Order No. 2935-7—Edn. 92-12-3, dated 8th October 1912, and returning them countersigned to the officers concerned so that the work may proceed apace. I enclose for the information of Government eight lists of the schools for which buildings are to be constructed. The Chief Engineer now requests that the necessary funds may be placed at his disposal and I request that Government may be pleased to authorize the Comptroller to make the necessary transfers on my requisitions from time to time.

No. 5145-7—EDN. 184-12-2, DATED BANGALORE, 18TH JANUARY 1913.

ORDER THEREON.—The lists of buildings proposed to be constructed are approved. The Comptroller is requested to arrange for the transfer of necessary funds from the provisions for village school buildings in the current year's Education State Fund and Village School Fund Budgets to the Public Works Budget on requisitions from the Inspector-General of Education from time to time.

2. The Inspector-General of Education is requested to submit a report at the end of the official year showing the buildings actually constructed out of the special grants referred to.

3. It is presumed that the Inspector-General has given due consideration to the remarks contained in paras 2 and 3 of Government Order No. 2935-7—Edn. 92-12-3, dated the 8th October 1912, and that the estimates submitted are for places where such buildings are really required and where more economical arrangements are not feasible. The attention of the Chief Engineer will also be invited to the instructions contained in the said order.

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Examination), dated 11th January 1913.

READ—

Letter No. 363, dated the 17th June 1912, from the Secretary to the Board for the Management of the Mysore Local Service and Pleaders' Examinations, submitting proposals for introducing as one of the Mysore Local Service Examinations, the Entrance Examination, Accounts Branch, Public Works Department.

No. 4854-94—EXAM. 12-11-4, DATED BANGALORE, 11TH JANUARY 1913.

ORDER THEREON.—The institution of the Entrance Examination, Accounts Branch, Public Works Department, as one of the Local Service Examinations, is sanctioned. The rules proposed for the conduct of this Examination are approved and will be appended to these Proceedings.

2. The Secretary to the Board for the Management of the Local Service Examinations is requested to submit necessary modifications to the rules relating to these Examinations.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Board for the Management of the Mysore Local Service and Pleaders' Examinations.

The Comptroller, Mysore Government.

The Heads of Departments and Deputy Commissioners of Districts.

Rules for the Mysore Accounts Entrance Test.

I. Syllabus:

The subjects prescribed for the Examination and the maximum and minimum number of marks assigned to each subject are given below :—

Subjects	Text prescribed for each subject	Maximum number of marks	Minimum number of marks	Time allowed
1. Arithmetic	The whole	150	100	3 hours
2. Mensuration	Todhunter's Mensuration for beginners (whole) ...	100	50	3 hours
3. Book-keeping (mercantile)	Inglis or Ball and Hamilton or Subramanya Iyer's Elementary Book-keeping	100	50	3 hours
	Total ...	350	233	...

NOTE.—In order to pass, a candidate must obtain the minimum marks in each subject, and independently, two-thirds (233) of the total marks. The arrangements of the successful candidates shall be in the order of merit.

2. Persons who have passed the Matriculation Examination of an Indian University or any other equivalent or higher examination will be eligible to appear at this Examination.

II. Other particulars.

1. Candidates who have passed this Examination and the Hand-writing and Dictation Tests of the Mysore Local Service Examinations will be considered as having better claims for admission to the Civil and Public Works Branches of the Accounts Department of the Mysore State than others of similar educational attainments who have not passed these tests.

2. Candidates for admission must of course satisfy all conditions for admission to Governmet service required by the present rules and the fact of having passed the Examination referred to in the foregoing para will not be regarded as a ground for exemption from any such rule, *e.g.*, rule regarding age, health, etc.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. G. 8139—G. M. 12-06-68, dated 27th June 1907, prescribing revised rules for recruitment to the Mysore Civil Service.

No. G. 3528-75—G. M. 232-12-1, DATED BANGALORE, 6TH JANUARY 1913.

ORDER THEREON.—His Highness the Maharaja has been pleased to revise the rules read above and issue them as appended to this order.

I. The following officers shall, subject to the proviso contained in Rule XV *infra*, constitute the Mysore Civil Service :—

Assistant Commissioners of the A and B Schedules, including all officers of that grade working in the Revenue, Excise, Police, Survey and Account Departments and in the General and Revenue Secretariat ; Subordinate Judges ; Deputy Secretary ; Deputy Commissioners, District Judges, Registrar of Co-operative Societies, and General and Revenue Secretary.

II. All future admissions to the grade of Assistant Commissioners shall be only in one of two ways, *viz.*—

(1) into the A Schedule by success at a competitive examination of candidates approved by His Highness the Maharaja ; and

(2) into the B schedule by special selection made by His Highness the Maharaja,—

(*a*) from members of the lower ranks of the Mysore Public Service who have rendered meritorious service and have shown themselves fit in every way for holding higher appointments and who have also qualified themselves by passing the prescribed examinations, or

(*b*) on considerations of family or special considerations of fitness or for maintaining the representative character of the service.

III. A competitive examination for admission to the grade of Assistant Commissioners shall be held in the year 1913 and once every two years thereafter until further orders. The subjects for examination, the dates on and the manner in which it is to be held, the proportion of marks required for passing, and the number of candidates to be selected for appointment on the results of the examination shall be duly notified ordinarily one year before the examination. Both in general character and range of subjects the competitive examination shall be similar to the examination for the ordinary B. A. Degree of the University of Madras, but the actual test shall be of a somewhat higher standard. It may include, in addition, subjects pertaining to Political Economy, Public Administration, Public Finance, etc., as may be specified from time to time.

IV. Candidates for the competitive examination must be natives of Mysore by birth or domicile, must not be over 25 years of age on the date of the examination and must have graduated in Arts in an Indian or other University. Candidates not so qualified by birth or domicile may, however, be admitted to the examination, provided they have graduated from one of the Mysore Colleges or have been selected by His Highness the Maharaja for special reasons.

NOTE.—A person acquires a domicile in Mysore when he has voluntarily fixed the habitation of himself and his family therein, not for mere special or temporary purpose but with the present intention of making it his permanent home. A continued residence for five years shall be *prima facie* evidence of having acquired a domicile.

V. Candidates who fulfil these conditions and who are desirous of competing, shall send in their names, with evidence of age and qualifications, and information as to their place of birth, caste, family, occupation and social status, evidence of domicile in Mysore and also with certificates of character and conduct, to the General and Revenue Secretary to Government not later than a date to be fixed which will be usually nine months before the time appointed for the examination. From these candidates a selection will be made by His Highness the Maharaja and the names of those selected shall be notified in the official gazette. Within a

month of such notification, the selected candidates shall present themselves before a Medical Board at a place and on a date to be notified by Government. It shall be an instruction to this Board to recommend for rejection all candidates not possessed of a good physique and constitution and not especially fitted for the active duties of an executive officer. The candidates finally approved by Government shall then be eligible for the examination.

VI. The number of candidates required, according to the exigencies of the service, shall be selected in order of merit from the list of candidates who have passed a satisfactory examination and admitted on probation to the grade of Assistant Commissioners as Civil Service Probationers.

VII. (1) The grade of Assistant Commissioners shall also be recruited, soon after the results of each Civil Service Examination are known, or at other appointed intervals, by the special selection of the requisite number of persons, according to vacancies, in the manner described in the second clause of Rule II; provided that no person shall be selected under Rule II (2) (*b*) unless he has passed the B.A. Degree of an Indian or other University.

(2) Nothing in clause (1) of this rule is intended to prevent temporary promotions to the grade of Assistant Commissioners from subordinate grades, in order to fill up existing vacancies; but an officer so promoted shall not, merely by reason of such promotion, be entitled to confirmation when permanent or temporary appointments are made under clause (1).

VIII. Persons admitted into the Mysore Civil Service by competition under Rule II (1) or nomination on family considerations or other considerations of fitness under Rule II (2) (*b*) will be under probation and training as specified below:—

(*a*) During the first two years after appointment they shall pass—

(i) an examination in riding;

(ii) departmental service examinations required according to the rules in force for the time being; and

(iii) such of them as have not taken Kannada as their optional language in a University or other recognized public examination, an examination in that language according to a prescribed standard.

A Probationer failing to pass the above tests by the end of the two years of probation may be allowed a further year's grace. Failing to pass in the third year his name will be removed from the list of Probationers.

During this period the Probationers will be trained in office work and other duties as far as may be practicable and will also receive a training in Treasury work, Revenue Survey and Elementary Engineering.

(*b*) (i) After the Probationers have passed the required examinations they will, at the discretion of Government, be appointed to the several departments of Government in accordance with the exigencies of service and individual aptitude and qualification, provided that Government may for sufficient reason at any time transfer an officer from one department to another.

(ii) Probationers intended for employment in the Accounts Department will, during the third year, be attached to the Comptroller's Office and trained in Civil and Public Works Accounts. In addition to practical training, they will be required to appear for and pass the Departmental Accounts Examinations which may be specified from time to time.

(iii) All other Probationers will, for a period of one year, be trained in the different branches of work in a taluk till they thoroughly understand the details of the work done and the duties performed by every official of the Revenue Department from the Amildar (or other officer of corresponding rank) downwards.

(iv) Probationers intended for employment in the Survey Department will, in addition to training as in (iii) above, be trained in the work of the department and will be required to pass the departmental examination in survey work.

General (Miscellaneous), dated 6th January 1913.

A Probationer who does not give satisfaction during his course of training will be liable to have his confirmation deferred, or to be removed altogether from the service.

IX. (*a*) During the 1st two years of probation as laid down in Rule VIII (*a*) *supra* the Probationers will draw pay at Rs. 200 per mensem.

(*b*) During the third year of training as laid down in Rule VIII (*b*) *supra*, after passing the examinations, the Probationers will draw pay at Rs. 250 per mensem.

(*c*) On becoming fully qualified by passing all the prescribed examinations and going through the course of practical training with credit, a Probationer will be confirmed as Assistant Commissioner, 5th Class, on Rs. 250 and afterwards rise according to the scale given below :—

To Assistant Commissioner, 4th Class on Rs. 300.	After three years' approved service in the 5th Class.
To Assistant Commissioner, 3rd Class on Rs. 350.	After three years' approved service in the 4th Class.
To Assistant Commissioner, 2nd Class on Rs. 400.	After three years' approved service in the 3rd Class.
To Assistant Commissioner, 1st Class on Rs. 450.	After three years' approved service in the 2nd Class.

X. Persons admitted to the grade of Assistant Commissioners from the subordinate grades of the public service under Rule II (2) (*a*) shall not be required to pass through a probationary stage as detailed in Rule VIII *supra*, but shall be appointed as Assistant Commissioners of the 5th Class on Rs. 250 and they shall rise from one class to the next higher after three years' approved service.

XI. An Assistant Commissioner who has put in at least two years of approved service in the 1st Class shall, if a vacancy exists, be eligible for promotion to the class of Senior Assistant Commissioner, carrying a pay of Rs. 500 rising by annual increments of Rs. 50 to Rs. 600. There shall be eight places in all in this class.

XII. Appointments of Under and Assistant Secretaries in the General and Revenue Secretariat, Divisional and Treasury Officers in the Revenue Department, Police Superintendents, Excise Divisional Officers, Assistant Superintendents of Survey, Assistant Comptrollers and other appointments of equal rank in the said departments shall be filled by officers of the grade of Assistant Commissioners who are qualified by aptitude and training. Such officers will draw the pay proper to the class in which they happen to be from time to time, plus any special or local allowance attached to the appointments which they may fill.

XIII. (1) Subject to any alterations which may, from time to time, be sanctioned by His Highness the Maharaja, the scale of appointments of Assistant Commissioners in the following departments shall ordinarily be as specified against each :—

Department.	*No.*	*Nature of employment.*
General and Revenue Secretariat ...	2	Under Secretaries.
	3	Assistant Secretaries.
	1	Assistant or Under Secretary on duty with the Dewan according to the standing of the officer.
	1	Registrar.

Special appointments.		
Municipal Vice-Presidents ...	2	
Palace Controller	1	
Assistant Secretary to His Highness the Maharaja	1	
Civil Officer ...	1	
	68	

(2) Where an officer of the grade of Assistant Commissioner is deputed for any special work which is likely to keep him engaged indefinitely for a period of three years or more, he will be shown as seconded, and his place filled up substantively *pro tempore* or substantively provisionally so as to maintain the same aggregate number of appointments in the list shown in clause (1).

(3) Probationers will not be included in the cadre fixed in para (1) *supra*. The number of Probationers shall not ordinarily exceed eight at any one time.

XIV. Subject to such alterations as the Government may deem fit to make upon occasion, the higher appointments ordinarily available for Assistant Commissioners according to vacancies and by selection on the ground of merit are—

(1) Ten officers of the rank of Deputy Commissioner for the following appointments :—

8 Deputy Commissioners of Districts
1 General and Revenue Secretary.
1 Registrar of Co-operative Societies.

These will be classified as follows :—

First class, three on Rs. 1,200
Second class, three „ 1,000
Third class, four „ 800
} With a local allowance of Rs 150 besides, to the General and Revenue Secretary and the Deputy Commissioner of Kolar.

(2) One Deputy Secretary on Rs. 700 rising to Rs. 800 by annual increments of Rs. 50.

(3) The following appointments in the Judicial Department :—

(*a*) Four Subordinate Judges on Rs. 500—$\frac{50}{2}$—600.

(*b*) Three District Judges.

First class, one on Rs. 1,200.
Second class, one on Rs. 1,000.
Third class, one on Rs. 800.

The Government have resolved to lay down the following subsidiary rules under this clause :—

(i) Ordinarily, no officer shall be appointed as a District Judge unless he has rendered approved service as a Subordinate Judge for at least two years.

(ii) Vacancies in the grade of Subordinate Judge shall be filled by a member of the Civil Service and a Munsiff alternately.

(iii) Whenever a member of the Civil Service is transferred to the Judicial Department, a corresponding appointment shall ordinarily be made to the Civil Service from the grade of Munsiffs under Rule II (2) (*a*).

XV. Government reserve to themselves the power to appoint on special salaries, to any grade or appointment in the Civil Service, officers lent by other Governments or experts or persons having special qualifications.

1. The following officers and gentlemen will constitute the Conference:—

President.—The Dewan of Mysore.

Vice-Presidents.—The Members of Council.

Members.—

(1) Selected Heads of Departments (*to be ex-officio members*).

(2) Members of the Legislative Council.

(3) Selected retired officers of Government.

(4) Deputy Commissioners (*to be ex-officio members*).

(5) Leading private gentlemen, not less than six nor more than nine in number, to be selected from among public-spirited citizens, prominent agriculturists, merchants, etc.

The selection of members under (1), (3) and (5) will be made by the Government and the names of the members selected will be published in the official Gazette. Persons thus nominated will be members of the Conference for a period of three years from the date of nomination, and at the expiry of such period, will be eligible to be again nominated. Members of the Legislative Council will be members of the Conference as long as they continue to be on the Legislative Council.

2. The Conference will meet ordinarily in June every year, but for the consideration of any important questions, meetings may be convened at other times of the year by a special order of His Highness the Maharaja. The time and place of the meetings of the Conference will be notified to the members beforehand.

The work of the Conference will be carried on during the rest of the year by three Central Committees, namely, one for Agriculture, one for Education and one for Industries and Commerce.

3. A list of subjects which may be dealt with by the Conference is appended to this order. Any additions or alterations which may suggest themselves, may also be made to this list from time to time by the Conference, or with the approval of the President, by the Central Committees concerned. It should be clearly understood that the Conference shall not discuss any questions which concern the prerogatives of His Highness the Maharaja, the constitution of the State, its relations with the Government of India or the policy of the Supreme Government.

4. The Deputy Commissioners of Districts should consult the leading men of their districts in regard to the subjects suggested for discussion and come to the Conference posted with the views of such men, so that they may be able to represent public opinion as well as their own.

5. For the present, the proceedings of the Conference will not be open to the public and the discussions should be treated as confidential. But such resolutions and other proceedings of the Conference and of its Committees as may be selected by the President in consultation with the Chairmen of the Committees, may be published from time to time.

Such recommendations as have the support of the majority of the Conference may be submitted to Government in the form of resolutions. Government may take such action as they may deem fit on these resolutions.

6. From the list of the subjects referred to above or as may be hereafter revised, the Conference will select questions which may be usefully taken up for study and discussion by the Central Committees. These Committees may each be composed of five members of the Conference and such other gentlemen, as may be selected by the President of the Conference, not exceeding six for each Committee, whether officials or non-officials, whether members of the Conference or not.

Persons who are appointed as members of the Committees may take part in the deliberations of the Conference and vote therein and may be treated as members of the Conference for the time being.

7. A Committee for each district composed of officials, members of the Representative Assembly and non-officials, not exceeding 20 in number, may also be appointed by the President, in consultation with the Chairman of the Central Committees, and the Deputy Commissioner of the District will be the President of the Committee. District Committees will take up such business as may be assigned to them by the Central Committees and such other business connected with other subjects, coming within the purview of the Conference, as they may wish to investigate. They may incur only such expenditure and on such subjects as may be assigned to them by the Central Committees.

8. Subject to the confirmation by the President and the Chairman of the Committee concerned, the Central Committees and the District Committees are authorised to appoint "Associates" up to the number of 50 for each, for one year at a time, to form a connecting link between the Committee and the individuals or agencies engaged in similar work.

9. Copies of all publications and proceedings of each of the Central Committees (except such as may be considered confidential by the Chairman concerned) will be supplied to all the members of the Conference and the District Committees and to the Associates. Questions and subjects for local investigation may be referred to Associates who may also send up reports and suggestions for consideration to District and Central Committees.

10. The appointments of Secretary to the Conference and Secretaries to the Central Committees will be made by Government.

11. The Central Committees should meet once a month and oftener, if necessary. The District Committees also should ordinarily meet once a month.

On every question considered by the Committees, correct information should first be collected in regard to its importance to the Province and a note or monograph prepared embodying the same. The next step will be to compare conditions in Mysore with those in the other countries or localities. The Committees may issue their monographs to the public and the press in order to stimulate public discussion. They may consult expert opinion both within and outside the State. It will be their duty to collect information of value from every quarter and make it available both to the Government and the public in an easily assimilable form. Ordinarily the Committees will report their opinions and recommendations to the Conference once a year, before the end of April, so as to be available for the next session.

The Committees may also initiate experiments, prepare practical schemes for execution by the Department concerned, recommend help to industries and agricultural improvements and suggest to Government such other steps as may be considered desirable to improve the economic condition of the country.

12. The Conference may also suggest any modifications that may be considered necessary in the rules to ensure the smooth working of the scheme and increase its usefulness, and also frame such subsidiary rules as may be required.

7. Letter No. 468, dated the 23rd December 1912, from the same officer, submitting for the orders of Government, a copy of the resolution of the Committee for Industries and Commerce, recommending a grant of Rs. 5,000 to the Special Adviser for the development of the Weaving School at Bangalore.

No. G. 4231-78—G. M. 55-12-115, DATED BANGALORE, 30TH JANUARY 1913.

ORDER THEREON.—Mr. Chatterton in his letter No. 90 of the 9th August 1912 to the Chairman of the Committee for Industries and Commerce, received with the first of the above communications, states that he has come to the following definite conclusions, as to the measures to be immediately adopted for the advancement of industries in the State :—

(i) that it is necessary to establish a Department of Industries to deal with all industrial and economic questions:

(ii) that technical and industrial schools should be placed under that Department :

(iii) that permanent provision should be made to afford advice and assistance to enterprising people in the State who wish to embark capital in private industrial concerns and that such work should be one of the most important functions of the Head of the Department : and

(iv) that the scientific development of the silk industry is likely to lead to most valuable results, whether measured by the value of the product, or the extent of area affected or the number of persons employed.

2. The Committee appointed in the Government Order of the 28th October 1910 to consider the question of technical education in the State, is of opinion that a Special Officer on a salary of Rs. 1,000 should be appointed to guide and control industrial education in the State, that this Officer should not be appointed for more than three years at a time and that for purposes of administrative control, he may be placed either under the Inspector-General of Education, or the Director of Industries (if one is appointed) or he may be treated as the Head of an Independent Department.

3. The Education Committee, while endorsing the above proposals, is of opinion that the Officer in charge of Industrial Education should also act as Director of Industries, as there would not be sufficient definite work for a full time Director of Industries at present and that an Inspector of Industrial Education may be appointed later on, when the necessity for the appointment is felt.

4. The Committee for Industries and Commerce have also made the following recommendations :—

(1) that a Department of Industries and Commerce be created for a period of three years in the first instance :

(2) that the Committee and the Special Adviser be authorized to work out details for starting and developing the department and submit the same for the orders of Government : and

(3) that in the meanwhile, as a preliminary step, the industrial schools at Mysore and Channapatna be transferred to the control of the Special Adviser who will work under the immediate orders of Government.

5. Government have long had under consideration the question of the creation of a department for dealing with matters relating to industries and commerce with a view to stimulate industrial activity in the State. The recent development of the work of the Economic Conference has emphasized the need for such a department. Government are therefore pleased to direct that a separate Department of Industries and Commerce be constituted in the State and placed under a qualified officer : and that Mr. A. Chatterton, C.I.E., be appointed Director of Industries and Commerce and placed in charge of the Department during his term of office in Mysore. From the date of this order, Mr. Chatterton will cease to hold the designation of Special Adviser.

6. The principal functions of the Director of Industries and Commerce will be—

(1) assisting private individuals by advice, loans or in any other manner considered necessary to enable them to start industries and new business concerns, such as, the installation of mills, presses, irrigation and pumping plants, oil presses, rice hulling machinery, etc.

(2) furnishing, as far as possible free of cost, estimates, schemes, prospectuses, articles of association, etc., to private capatalists and also to bodies of persons, anxious to start joint-stock industrial or trade concerns.

(3) experimental installations in industries and manufactures at the cost of either Government or private individuals, such as, sugar-cane plants, lathes for wood turning, silk-reeling, etc., recently undertaken by Government.

(4) *Development of trade and commerce.*—Under this head the following items may be mentioned :—collecting and maintaining correct statistics of industries and commerce for the whole State as well as for important trade centres, industrial survey, formation of a central industrial depot, a museum of industrial machinery and commercial products, and an information bureau, and study of markets for Mysore products.

7. Government consider that the Director should devote special attention to stimulating private enterprise and private initiative in industries and commerce. It should be made known to the people that expert advice will be made available as far as possible free of cost. The Director is, therefore, requested to advertise the creation of the Department and collect information as to the nature and extent of the facilities needed by private capatalists, land-owners and traders within the State.

8. The Director is requested to submit for the approval of Government, a set of draft rules for regulating the grant of loans for industrial and commercial purposes. The rules should provide that all loans exceeding Rs. 1,000 should receive the sanction of Government.

9. The officers noted in the margin and the office establishment already placed under Mr. Chatterton as Special Adviser will continue to work under him as Director of Industries and Commerce during the remaining portion of the year 1912-13. Mr. Chatterton is requested to submit to Government with his budget estimates for 1913-14, any modifications he may consider necessary in the scale of office and out-door establishments now sanctioned. All appointments to this Department will be treated as temporary for the present.

Mr. G. Subbuswami Iyer.
„ S. Raghavendra Rao.
„ B. Sitaramachar.
„ K. Sanjeeva Rao.
„ Bava Saheb Miyan.

General (Miscellaneous), dated 30th January 1913.

The appended statement gives the details of the budget estimate for the office of the Director of Industries and Commerce from January to June 1913. The expenses incurred by the Office of the Special Adviser till 31st December 1912, will be met from the funds of the Committee for Industries and Commerce. The unspent portion of the amount of Rs. 30,000, provided for Superintendents in the budget estimates of the Committee for Industries and Commerce for the year 1912-13 will also be transferred to the budget of the Director of Industries and Commerce. The balance required to make up the total for the budget estimate from January to June 1913 will be regarded as an additional grant.

A sum of Rs. 50,000 will be made available as advances for the purposes named below, under the control of the Director of Industries and Commerce :—

	Rs.
(*a*) Weaving Factory	5,000
(*b*) Recoverable advances to weavers, etc.	5,000
(*c*) For working three sugar-cane plants	25,000
(*d*) Silk reeling experiments...	5,000
(*e*) General Industrial Fund (to be expended with the specific sanction of Government)	10,000
Total ...	50,000

A running account should be kept of the expenditure incurred against each of these heads, either as advances or in conducting experiments, in forms to be prescribed by the Comptroller.

10. For the present the Channapatna Industrial School has been transferred to the control of Mr. Chatterton. As the work of the Department develops further additions or alterations in regard to the functions and requirements of the Director will be considered by Government on receipt of definite proposals or schemes.

11. The Director of Industries and Commerce will be a member of the committee for Industries and Commerce and will render help to that Committee in the same way as he has been doing hitherto in his capacity as Special Adviser. He will also according to convenience attend the meetings of the Committee for Agriculture and assist in their deliberations.

12. Mr. V. S. Sambasiva Iyer will work under the Director of Industries and Commerce and submit to him as early as possible, his report on the Industrial Survey of the State. The Director will, with his review or observations, forward the report to the Committee for Industries and Commerce who will submit it to Government with their recommendations.

13. The Superintendent of Government Stationery is requested to include the office of the Director of Industries and Commerce in the list of offices to which stationery is supplied.

14. The Compiler, *Mysore Gazette*, is requested to include the Director in the list of officers to whom the Gazette is supplied.

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous), dated 30th January 1913.

READ—

Letter No. 4547—515, dated the 7th May 1912, from the Inspector-General of Police in Mysore, soliciting sanction to an expenditure of Rs. 1-8-0 incurred by him for repairing an old hill tent of his office, and requesting that the concession granted to Heads of Departments in Government Order No. Fl. 2647-92—G. F. 112-06-1, dated the 9th October 1906, for incurring expenditure up to Rs. 25 for repairs to furniture may be extended in the case of repairs to tents also.

No. G. 4154-201—G. M. 128-11-80, DATED BANGALORE, 30TH JANUARY 1913.

ORDER THEREON.—The expenditure of Rs. 1-8-0 already incurred is sanctioned.

2. As regards the proposal of the Inspector-General of Police to authorise Heads of Departments to incur expenditure up to Rs. 25 for repairs to tents, Government consider that the existing practice of submitting for the sanction of Government estimates for minor repairs to tents with Heads of Departments and other officers, causes unnecessary correspondence and delay and are accordingly pleased to authorize Heads of Departments and Deputy Commissioners of Districts, in supersession of the orders contained in clause (3) of Government Order No. G. 2129-65—G. M. 131-08-1, dated 24th September 1908, to incur expenditure not exceeding Rs. 25 in each case for repairs to tents in their offices and with officers subordinate to them, estimates for repairs costing more than Rs. 25 being submitted for the sanction of Government as heretofore.

3. Heads of Departments and Deputy Commissioners of Districts are requested to intimate the probable amount that may be required for expenditure in that behalf during the remaining months of the current official year for necessary allotments being made out of the total provision made for "Purchase and repair of tents" in the current year's budget.
